

UPDATE OF THE GENERAL REGULATION APPLICABLE TO THE TESTING OF FLOATING WIND TURBINE PROTOTYPES AT THE MARINE ENERGY R&D&I PLATFORM OF CATALONIA (PLEMCAT)

In accordance with the update of the General Regulation applicable to the testing of floating wind turbine prototypes at the Marine Energy R&D&I Platform of Catalonia PLEMCAT, approved on December 28, 2023, as indicated below:

We are publishing the identities of the companies awarded a testing area and position at the PLEMCAT Platform, which have communicated their acceptance of the award to IREC within the stipulated timeframe. Additionally, the identities of the companies on the waiting list are published in the order of precedence as per the Final Resolution of the final call for prototype testing at the Marine Energy R&D&I Platform of Catalonia (PLEMCAT), dated September 29, 2023, as follows:

Submission/Reference Number	Eligible Candidates with Submitted and Accepted Proposals	Score
Submit Reference 4	HIVE WIND ENERGY, S.L.	204,4
Submit reference: 10/2	EXPONENTIAL RENEWABLES, S.L.	199,92
Submit reference: 8	ESTEYCO, S.A.	191,4
Submit reference: 9	Proyectos Renovables Innovadores, S.A.	188,4
Submit reference: 6	BREZO ENERGY, S.L.	135
Submit reference: 7	BREZO ENERGY, S.L.	116

In line with adapting the PLEMCAT project to the current regulations of the 50 MW moratorium for R&D&I programmes, it has been agreed to extend the initially planned period for contract formalisation with the awardees by an additional 90 working days until May 9, 2024, counting from December 31, 2023, the date on which the initial maximum period of 90 days ends. The IREC Management is authorised to develop the specifics of the terms and conditions of the contract, which must be validated by the PLEMCAT Commission before proceeding to formalise the signature with the awarded companies of the prototypes.

It is informed that, if any of the 3 awarded companies withdraw during the mentioned period, IREC will promptly communicate this to the companies on the waiting list in the order of precedence so that they can express their acceptance of the award of a testing area and a position on the PLEMCAT Platform within the timeframe indicated for this purpose.

Sant Adrià de Besòs, December 29, 2023

PLEMCAT Commission
